REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 1-7 and 9-17 (with elected species) are allowable over the prior art because none of the prior art documents discloses or suggests specific reactants under cited conditions in the claimed process of making a polymer electrolyte membrane.

Claims 18-19 are also allowed and rejoined into the allowed claims since they further define the claimed step (b) in claim 1.

Since a species in claim 7 is allowed, then the search is further expanded to non-elected species in claim 8. However, no prior art has been found.

Therefore, claims 1-19 are allowed.

This application is in condition for allowance except for the following formal matters:

Non-elected claims 20-47 must be cancelled in order for this application to be allowed .

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
